

SUPERFUND PROGRAM PROJECT STATUS AND FEEDBACK REPORT

PURPOSE:

The purpose of this form is to obtain your feedback for on-going interagency agreements (IAGs) issued by EPA Regional Offices to U.S. Army Corps of Engineers (USACE) District Offices. A consistent nationwide communication and reporting process is important during the life of a project to ensure that work is being carried out to the satisfaction of both EPA and USACE.

The EPA and USACE will seriously review your ratings and comments to identify program strengths and weaknesses to help determine constructive changes to improve project communication and teamwork and ultimately, project success. At the completion of the project we will ask you for one final report to document the overall evaluation of the IAG/project and contractor performance.

INSTRUCTIONS:

The USACE Project Manager most familiar with the IAG/project should complete this form. Please respond to all of the questions, unless otherwise noted or not applicable. This evaluation is intended as an important developmental tool so please be candid. Provide comments whenever clarification is warranted.

If you manage more than one IAG/project, you will be asked to complete a separate feedback form for each.

20. What is your overall assessment of the

Contractor's performance?

Comments:

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<div></div>					

21. How do you rate the overall quality of the products/services delivered to EPA?

Comments:

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<div></div>					

22. What is your overall assessment of how this IAG/project is being managed by USACE?

Comments:

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<div></div>					

(Please answer 'Yes/No/NA' to the following and provide explanations where appropriate.)

Yes No N/A

23. If the IAG cannot be financially closed out quickly, have you advised EPA of the amount of excess funding that can be de-obligated?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------

<div></div>		
-------------	--	--

24. Was a request for an extension of the IAG/project and performance period requested in a timely manner?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------

<div></div>		
-------------	--	--

25. Are there any issues delaying closeout of the IAG?

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------

<div></div>		
-------------	--	--

Lessons Learned:

26. Were any cost savings features (Value Engineering, Triad, Optimization, Reuse of government furnished equipment, etc.) realized for your project? If so, please provide a brief description and approximate amount of the savings?

<div></div>		
-------------	--	--

27. Were there any change orders that significantly affected IAG/project costs? If so,

please provide a brief description and estimate of cost impacts?

28. Looking back at the overall IAG/project, was there any situation where an issue was addressed particularly well?

29. Was there any situation where an issue was addressed particularly poorly?

30. What advice would you like to pass on to other USACE Project Managers and team members?

31. What advice would you like to pass on to EPA Project Managers?

Note: Please remember to submit your feedback!

If you have another IAG, you will have an opportunity to submit feedback for that project also.
